ROYAL COMMISSION ON BILINGUALISM
AND BICULTURALISM

The Commission was formed in 1963 to "inquire into and report upon the state of bilingualism and biculturalism in Canada, and to recommend what steps should be taken to develop the Canadian Confederation on the basis of an equal partnership between the two founding races". Public hearings were held across Canada from March to December 1965, and over 300 briefs were presented to the Commission. A number of the research studies prepared for the Commission have been published; the unpublished research studies are available on microfilm from the Canadian Library Association.

HOW TO USE THE INDEX

The transcripts of the public hearings (over 5000 pages) have been microfilmed in chronological order. The briefs appear in alphabetical order by author on the microfilm. The Index lists authors in alphabetical order, and gives the date and transcript pages for the public hearing at which the author appeared, as well as the microfilm reel on which these may be found. The reel number containing the brief is also shown.

Each microfilmed brief is preceded by a target which will be useful as a finding aid. To locate a given brief on the microfilm, refer to the appropriate reel number and use these targets as reference points to narrow down the location of the desired material. The relative position of a brief on a reel may also be ascertained from the Index itself.

There are 5 reels in the complete set of transcripts; and 7 reels in the complete set of briefs.
